*Techs, NO warranty work here. Get paid fairly on EVERY job! Live in a special community with a fantastic school system and where housing is booming! Experience beautiful views and great restaurants!

Overview:

A small, family-run company looking for the ideal candidate who will demonstrate the ability to support and complement a specialized diagnostic technician. The technician will be assigned a host of major to minor repairs to be completed accurately and in a timely manner. The ultimate goal is to enhance the overall work flow in the shop, complete repairs and maintenance accurately and in a timely manner, and ensure customer satisfaction.

Date: 9/1/16

Location: Off Hwy 71 West near Briarcliff, Texas

Role: The ideal candidate will be willing and able to work with our most advanced staff in performing many repairs for diagnosing and replacing what is needed on **multiple** vehicle lines, while also displaying a strong knack for performing independently.

Responsibilities:

- Arrive promptly at the start of the workday at 7:30 AM
- Consult with the owner/operator and if necessary, other techs, to flesh out the work order and overall diagnosis process
- Effectively operate alone, so as to serve as a key leader in doing the job right and in timely fashion
- Exude a confident attitude to keep up with a positive environment and opportunity to learn

Career Creators Automotive Technician

- Demonstrate a well-developed ability to carry on with several issues, including but not limited to: preventative maintenance, drivability and to a lesser extent, **heavy line equipment** on foreign and domestic automobiles that will require the right scan tools, power tools, etc.
- Utilize the available technology or what is the most personally effective method to observe and take advisory notes to be shared with the owner and service writer (s).
- Order given automobile parts, depending on the difficulty of the job order

Required Qualifications:

- Flexible work schedule, with room for overtime (up to 15 hours, always mutually agreed upon)
- 3+ years of industry experience under an independent auto shop, new car dealership, etc.
- Computer literate and familiar with different proprietary software, such as All-Data, Mitchell and the like
- Obtained ASE certification (s), preferred but not required
- Licensed as a vehicle state inspector, preferred but not required

Results:

The right candidate will be highly productive, so that the business will grow financially and uphold an excellent reputation among its customers. What will also be fully analyzed is the candidate's willingness to work under a close setting among a family-run company, which will cater to communication with the owner/operator, his son and business partner, and additional staff.

Pay & Benefits: The pay grade is determined by level of experience and will be paid on a flat, hourly basis.

- Hourly Pay, depending on experience -- \$20.00-\$25.00 per hour
- 45 hours per week, plus occasional overtime
- The pay frequency is weekly

Our benefits include:

- Health Insurance
- Tool Allowance
- Tool Coverage
- Continued Paid Training
- Clean shirt provided daily
- Free lunch provided on Saturdays
- Parts at cost / Free labor for after hours repairs to personal vehicle
- The ability to earn weekly bonuses, depending on the work performed

Schedule:

- Monday – Friday preferably 7:30 AM – 5:30 PM
- Occasional Saturday's from 9:00 AM-3:00 PM
- Additional hours over 40 per week are assigned as overtime

Environment:

- A small, family-run company
- The temperature of the shop is kept cool by opening the garage doors and by providing a large air fan, in the summer. In the colder months, the opposite is done to warm the garage.
